Skills

- Html,Css,Javascripts
- C#
- English
- Time Management

METİN BERK YAREN

Junior Developer

I am Metin Berk Yaren. I started my software education life in the Web-Programming department of Mithatpaşa Vocational and Technical Anatolian High School. The technical knowledge and skills I acquired during this period reinforced my interest in the software world. In my senior year of high school, I completed a 10-month internship at Skyloft Game Studio. This internship gave me the opportunity to understand the software development process in more depth and gave me an important experience for the business world. I am open to learning, eager to try new technologies and ready to work in a team. In 2022, I enrolled in Izmir University of Economics, Department of Computer Programming. After 1 year of English preparatory education, I started exploring the software field in more depth.

My Experiences

2019

–

2021

Intern – SkyLoft Game Studio

Alsancak, İzmir

- Self-motivated, with a strong sense of personal responsibility.
- Strong communication skills, good interpersonal skills.
- Experienced in learning and adapting quickly to new situations.
- Passionate about learning and committed to continuous improvement.
- Managed time efficiently to complete all assigned tasks on time.

2024

–

2025

Mentor – Izmir University of Economics

Balçova, İzmir

- I have achieved much better results with one-to-one approaches according to mentee needs.
- I have strengthened communication between mentees through group activities.
- I have helped mentees to improve their skills and increase their potential by providing constructive feedback for their development.
- I improved the mentee's performance by providing personalised guidance and support.
- Helped them solve their problems.

Hobby – Fitness

Fitness has not only given me physical strength, but also improved my ability to strategise and plan to achieve goals. The perseverance and determination I learned while working out, along with discipline, have provided me with motivation and discipline in my business life.
